

## Van Gogh painting reproduction

Vincent Willem van Gogh is considered as one of the founders of the modern [painting](#). It left 864 paintings and over 1000 designs, which developed all together in the last ten years of its life. Masterpiece, which is assigned stylistic to the post office Impressionism, exerted strong influence on following artists, above all the Fauves and expressionist. While it could sell few pictures during lifetimes only, its works obtain record prices since 1980 with auctions. Vincent van Gogh led an extensive exchange of letters, which contains an abundance of referring to its pictorial work and even from high literary rank is.
